OVERVIEW

With over 15 years of experience in the software development industry, I am a seasoned professional adept at delivering high-quality solutions across various domains. My extensive expertise encompasses full-stack development, project management, and team leadership, enabling me to drive innovation and achieve project success. I am passionate about leveraging emerging technologies to solve complex challenges and deliver tangible results, and I am eager to contribute my skills and knowledge to a dynamic team and help propel business growth.

PROFESSIONAL EXPERIENCE

HNA Trading Co., Ltd

Sep 2022 - Nov 2023

Technical Team Lead

- Led a team of 10 developers in developing an Inventory Management System and Point of Sale (POS) application.
- Utilized technologies such as Ionic with Vue JS, Express JS, Python, MySQL, and MongoDB.
- Managed project timelines, resources, and deliverables to ensure successful project completion within a dynamic team environment.

Venuslab Co., Ltd

Jan 2022 - Aug 2022

Head of Software Development

- Directed a team of 20 developers in delivering custom software solutions, including E-commerce Systems and Member Management Systems for various clients.
- Utilized technologies such as Flutter, Express JS, Laravel Framework (PHP), and React JS.
- Managed project timelines, resources, and budgets to ensure successful project delivery and client satisfaction within a fast-paced environment.

Interglobe Technology Co., Ltd

Feb 2018 - Dec 2021

Technical Director

- Led a team of 15 developers in the development of VAS services for MyTel and Telenor Mobile Operator.
- Utilized technologies such as Django Framework, Laravel Framework, Angular JS, MongoDB, and MySQL to deliver innovative and scalable solutions.
- Oversaw the entire development lifecycle, from project planning and design to implementation and deployment, ensuring the successful delivery of projects within scope and on schedule.

Pancasikha Pte Ltd

Sep 2017 - Dec 2019

Chief Technology Officer

- Led a team of 10 developers in the development of innovative projects, including a Burmese Music Streaming Platform and the first Burmese Audio Fingerprint Engine.
- Utilized technologies such as Swift, Java, Python, NodeJS, and MongoDB to architect and implement scalable and robust solutions.
- Oversaw the technical direction of the company, driving innovation and ensuring alignment with business objectives.
- Collaborated with cross-functional teams to define project requirements, prioritize tasks, and deliver high-quality products within tight deadlines.

Peppercorn Pte Ltd
Software Developer

Feb 2016 - Aug 2017

- Developed Omni-Channel solutions for companies such as Bakazin, GNC, etc., enabling seamless integration across various channels.
- Utilized PHP Laravel Framework and Python Django to architect and implement robust and scalable solutions.
- Collaborated with cross-functional teams to gather requirements, design system architectures, and deliver high-quality software products within project timelines.
- Conducted testing, debugging, and optimization to ensure the stability, performance, and security of the developed solutions.

SSPEC Consultant Pte Ltd
Software Engineer

Sep 2015 - Jan 2016

- Contributed to software development projects for MediaCorp, Singapore's largest content creator and national media network.
- Utilized C# Entity Framework and MySQL to develop robust and scalable software solutions.
- Collaborated with project teams to gather requirements, design system architectures, and implement features according to project specifications.
- Conducted testing and debugging to ensure the quality and reliability of the developed software products.

Weilong Engineering Group
Software Developer

March 2015 - June 2015

- Developed software solutions for kiosk machines used in car parking systems across Singapore Island.
- Utilized C# Entity Framework and MySQL to design and implement robust and efficient software applications.
- Collaborated with the engineering team to integrate software solutions with hardware components and ensure seamless operation of the kiosk machines.
- Conducted testing and troubleshooting to identify and resolve issues, ensuring the reliability and functionality of the developed software.

MDXcess Pte Ltd
Web Developer

July 2014 - January 2015

- Assisted in the development of web applications using C# Entity Framework.
 - Collaborated with the development team to design and implement features for web-based software solutions.
 - Participated in team meetings and contributed to discussions regarding project requirements and technical solutions.
 - Gained hands-on experience in web development practices and methodologies, under the guidance of senior developers.
 - Conducted testing and debugging to ensure the functionality and performance of the developed web applications.
-

PERSONAL INFO

Gender : Male

Date of Birth : 2nd August 1993

Years of Experience : 10+ Years

EDUCATION & CERTIFICATIONS

Postgraduate Diploma in System Analysis

National University of Singapore

BSc (Hons) Business Information Technology

University of Greenwich (UK)

Advanced Diploma of Computer Studies

Majoring in Software Engineering

NCC Education (UK)

Diploma of Computer Studies

NCC Education (UK)

Certificates

Developing Innovative Ideas for New Companies

Issued by University of Maryland

Python Data Structures

Issued by University of Michigan

Using Databases with Python

Issued by University of Michigan

Using Python to Access Web Data

Issued by University of Michigan

Programming for Everybody

Issued by University of Michigan

SKILLS

Programming Languages:

Java
Python
Node JS
C#
PHP

Web Development:

HTML & CSS
ReactJS
Angular JS
Vue JS

Database Management:

MySQL
MongoDB

Version Control:

Git

Others:

Agile Methodologies
Problem-Solving
Team Collaboration

EXTRACURRICULAR ACTIVITIES

Administrator

Thabawa Organization based in Myanmar

Instructor

Myanmar Youth Empowerment Opportunities

Digital Skill Institute based in Myanmar

ACHIEVEMENTS

- Published Top IVR Service in Myanmar (with 7 digits Monthly Transaction Calls) (2020)
- Featured in Yahoo News, Myanmar National TV, BBC (UK), e27 & The Bridge (Japan) (2018)
- Developed First Burmese Audio Finger-Print Engine (2017)
- Received Invitation to Attend Phandeeyar Accelerator Program & Pre-Seed Funding from Phandeeyar (2016)
